MagSafe Stand

AED 39.00

SKU: MW-002

Portable Folding Phone Stand compatible with Magsafe chargers The Magsafe Phone Stand can be used with regular and MagSafe compatible phones and can be completely folded for easily carrying it around. There are 2 different ways you can use the stand. Firstly, you can use the stand with any smartphone for viewing media or charging the device through a cable. Secondly, you can take your MagSafe charger and insert it into the phone stand and use it to charge your MagSafe-compatible smartphone. The base of the product is large to ensure that your phone stays stable and also so you can display your company logo with a generous amount of space. * Wireless chargers work with most of the latest Android and iOS devices. For smartphones that do not support wireless charging, adapters (wireless receiver modules) are available at an additional cost. Mobile cases may affect the rate of charging.
